“**Comparable treasury issue**” means the United States Treasury security selected by the quotation agent as having a maturity comparable to the remaining term of notes to be redeemed that would be utilized, at the time of a selection and in accordance with customary financial practice, in pricing new issues of corporate debt securities of comparable maturity to the remaining term of the notes to be redeemed.

“**Comparable treasury price**” means, with respect to any redemption date, (i) the average of at least three reference treasury dealer quotations for that redemption date, after excluding the highest and lowest of five or more reference treasury dealer quotations, or (ii) if the Trustee obtains fewer than five reference dealer quotations, the average of all reference treasury dealer quotations so obtained.

“**Reference treasury dealer quotations**” means, with respect to each reference treasury dealer and any redemption date, the average, as determined by the Company, of the bid and asked prices for the comparable treasury issue (expressed in each case as a percentage of its principal amount) quoted in writing to the Trustee by the reference treasury dealer at 5:00 p.m., New York City time, on the third business day preceding the redemption date.

In the case of a partial redemption of the 1.375% Notes due 2018, the 2.000% Notes due 2020 or the 3.000% Notes due 2025, selection of the notes for redemption will be made pro rata, if commercially practicable in accordance with the procedures of DTC or the relevant depository, and if not, then by lot or such other method as required in accordance with the procedures of DTC or the relevant depository. The notes will be redeemed in denominations of \$2,000 and integral multiples of \$1,000 in excess thereof. Notice of any redemption will be mailed by first class mail at least 30 days but not more than 60 days before the redemption date to each holder of the notes to be redeemed at its registered address. If any notes are to be redeemed in part only, the notice of redemption that relates to such notes will state the portion of such notes to be redeemed. New notes in principal amounts of at least \$2,000 equal to the unredeemed portion of the notes will be issued in the name of the holder of the notes upon surrender for cancellation of the original notes. Unless the Company defaults in payment of the redemption price, on and after the redemption date, interest will cease to accrue on the notes or the portions of the notes called for redemption.
