- 100% of the principal amount of the 1.625% Notes due 2021 to be redeemed, and
- as determined by the quotation agent (as defined below), the sum of the present values of the remaining scheduled payments of principal of and interest on the 1.625% Notes due 2021 to be redeemed (not including any interest accrued to the redemption date) discounted to the redemption date on a semi-annual basis assuming a 360-day year consisting of twelve 30-day months at the treasury rate (defined below) plus 7.5 basis points

plus, in either case, accrued and unpaid interest on the 1.625% Notes due 2021 to the redemption date.

In addition, at any time on or after August 19, 2021 (one month prior to the maturity date of such 1.625% Notes due 2021), the 1.625% Notes due 2021 will be redeemable, in whole but not in part at our option, at a redemption price equal to 100% of the principal amount of the 1.625% Notes due 2021 plus accrued interest thereon to the date of redemption.

“**Treasury rate**” means, with respect to any redemption date, the annual rate equal to the semi-annual equivalent yield to maturity of the comparable treasury issue, assuming a price of the comparable treasury issue (expressed as a percentage of its principal amount) equal to the comparable treasury price for that redemption date.

“**Comparable treasury price**” means, with respect to any redemption date, (i) the average of at least three reference treasury dealer quotations for that redemption date, after excluding the highest and lowest of five or more reference treasury dealer quotations, or (ii) if the Trustee obtains fewer than five reference dealer quotations, the average of all reference treasury dealer quotations so obtained.

“**Quotation agent**” means the reference treasury dealer appointed by the Issuer.

“**Reference treasury dealer**” means (i) each of Citigroup Global Markets Inc., Goldman, Sachs & Co., Merrill Lynch, Pierce, Fenner & Smith Incorporated and Morgan Stanley & Co. LLC and their respective successors; however, if any of the foregoing shall cease to be a primary

In the case of a partial redemption, selection of the 1.625% Notes due 2021 for redemption will be made pro rata, if commercially practicable in accordance with the procedures of DTC or the relevant depository, and if not, then by lot or such other method as required in accordance with the procedures of DTC or the relevant depository. 1.625% Notes due 2021 will be redeemed in denominations of \$2,000 and integral multiples of \$1,000 in excess thereof.
