3M Reports First-Quarter 2018 Results

First-Quarter Highlights:

- Sales of \$8.3 billion, up 7.7 percent year-on-year
- Organic local-currency sales growth of 2.8 percent; growth across all business groups
- GAAP EPS of \$0.98, down 55 percent year-on-year
- Adjusted EPS of \$2.50, up 15.7 percent year-on-year, excluding adjustments to provisional accounting for the Tax Cuts and Jobs Act (TCJA) and a legal settlement

· Returned \$1.7 billion to shareholders via dividends and gross share repurchases

ST. PAUL, Minn. - Apr. 24, 2018 - 3M (NYSE: MMM) today reported first-quarter 2018 results.

"Coming off a strong 2017, our team opened the new year with broad-based organic growth of three percent, with positive growth across all business groups," said Inge G. Thulin, 3M chairman, president and chief executive officer. "We also continued to invest in our commercialization capabilities, while returning significant cash to our shareholders — including a 16 percent dividend increase. Going forward we will continue to execute the 3M Playbook and leverage the world-class capabilities of our people and our enterprise, and I am confident we will deliver strong results in 2018."

Sales were up 7.7 percent to \$8.3 billion. Organic local-currency sales increased 2.8 percent while acquisitions, net of divestitures, increased sales by 0.7 percent. Foreign currency translation increased sales by 4.2 percent year-on-year.

Total sales grew 15.0 percent in Safety and Graphics, 7.1 percent in Industrial, 7.1 percent in Health Care, 5.0 percent in Consumer, and 4.6 percent in Electronics and Energy. Organic local-currency sales increased 6.9 percent in Safety and Graphics, 2.7 percent in Health Care, 2.2 percent in Industrial, 2.1 percent in Consumer, and 1.7 percent in Electronics and Energy.

On a geographic basis, total sales grew 13.7 percent in EMEA (Europe, Middle East and Africa), 10.0 percent in Asia Pacific, 4.3 percent in Latin America/Canada, and 3.5 percent in the U.S. Organic local-currency sales increased 4.9 percent in Asia Pacific, 3.5 percent in Latin America/Canada, 2.3 percent in the U.S., and 0.1 percent in EMEA.

First-quarter GAAP earnings were \$0.98 per share, a decrease of 55 percent versus the first quarter of 2017. During the quarter, the company recorded an expense of \$217 million, or \$0.36 per share, related to the Tax Cuts and Jobs Act (TCJA). In addition, the company resolved a previously disclosed lawsuit with the State of Minnesota and recorded a pre-tax charge of \$897 million, inclusive of legal fees and other related obligations, resulting in a reduction to first quarter earnings of \$1.16 per share. Excluding these two items, earnings were \$2.50 per share, an increase of 15.7 percent year-on-year, as referenced in the "Supplemental Financial Information Non-GAAP Measures" section.

First-quarter operating income was \$1.0 billion with operating margins of 12.2 percent. Excluding the legal settlement, operating income was \$1.9 billion with operating margins of 23.0 percent.

3M paid \$810 million in cash dividends to shareholders and repurchased \$937 million of its own shares during the quarter.

The company updated its 2018 GAAP earnings expectations to be in the range of \$8.68 to \$9.03 per share. Excluding the first quarter impact of the TCJA-related expense and the legal settlement, 3M expects its adjusted full-year 2018 earnings to be in the range of \$10.20 to \$10.55 per share versus a prior expectation of \$10.20 to \$10.70 per share. The company also updated its organic local-currency sales growth guidance to be in the range of 3 to 4 percent, versus a prior range of 3 to 5 percent.

Forward-Looking Statements

This news release contains forward-looking information about 3M's financial results and estimates and business prospects that involve substantial risks and uncertainties. You can identify these statements by the use of words such as "anticipate," "estimate," "expect," "aim," "project," "intend," "plan," "believe," "will," "should," "could," "target," "forecast" and other words and terms of similar meaning in connection with any discussion of future operating or financial performance or business plans or prospects. Among the factors that could cause actual results to differ materially are the

following: (1) worldwide economic, political, and capital markets conditions and other factors beyond the Company's control, including natural and other disasters or climate change affecting the operations of the Company or its customers and suppliers; (2) the Company's credit ratings and its cost of capital; (3) competitive conditions and customer preferences; (4) foreign currency exchange rates and fluctuations in those rates; (5) the timing and market acceptance of new product offerings; (6) the availability and cost of purchased components, compounds, raw materials and energy (including oil and natural gas and their derivatives) due to shortages, increased demand or supply interruptions (including those caused by natural and other disasters and other events); (7) the impact of acquisitions, strategic alliances, divestitures, and other unusual events resulting from portfolio management actions and other evolving business strategies, and possible organizational restructuring; (8) generating fewer productivity improvements than estimated; (9) unanticipated problems or delays with the phased implementation of a global enterprise resource planning (ERP) system, or security breaches and other disruptions to the Company's information technology infrastructure; (10) financial market risks that may affect the Company's funding obligations under defined benefit pension and postretirement plans; and (11) legal proceedings, including significant developments that could occur in the legal and regulatory proceedings described in the Company's Annual Report on Form 10-K for the year ended Dec. 31, 2017, and any subsequent quarterly reports on Form 10-Q (the "Reports"). Changes in such assumptions or factors could produce significantly different results. A further description of these factors is located in the Reports under "Cautionary Note Concerning Factors That May Affect Future Results" and "Risk Factors" in Part I, Items 1 and 1A (Annual Report) and in Part I, Item 2 and Part II, Item 1A (Quarterly Reports). (a) Free cash flow and free cash flow conversion are not defined under U.S. generally accepted accounting principles (GAAP). Therefore, they should not be considered a substitute for income or cash flow data prepared in accordance with U.S. GAAP and may not be comparable to similarly titled measures used by other companies. The Company defines free cash flow as net cash provided by operating activities less purchases of property, plant and equipment. It should not be inferred that the entire free cash flow amount is available for discretionary expenditures. The Company defines free cash flow conversion as free cash flow divided by net income attributable to 3M. The Company believes free cash flow and free cash flow conversion are meaningful to investors as they function as useful measures of performance, and the Company uses these measures as an indication of the strength of the company and its ability to generate cash.

Net debt (b)	\$	11,538	\$	9,793

(b) Net debt is not defined under U.S. GAAP and may not be computed the same as similarly titled measures used by other companies. The Company defines net debt as total debt less the total of cash, cash equivalents and current and long-term marketable securities. 3M believes net debt is meaningful to investors as 3M considers net debt and its components to be an important indicator of liquidity and a guiding measure of capital structure strategy.

(c) In February 2018, 3M reached an agreement with the State of Minnesota that resolved the previously disclosed Natural Resource Damages (NRD) lawsuit filed by the State against the Company related to certain PFCs present in the environment. Under the terms of the settlement, 3M agreed to provide an \$850 million grant to the State for a special "3M Water Quality and Sustainability Fund." This Fund will enable projects that support water sustainability in the Twin Cities East Metro region, such as continued delivery of water to residents and enhancing groundwater recharge to support sustainable growth. The projects will also result in habitat and recreation improvements, such as fishing piers, trails, and open space preservation. 3M recorded a pre-tax charge of \$897 million, inclusive of legal fees and other related obligations, in the first quarter of 2018 associated with the resolution of this matter. Also during the first quarter of 2018, 3M recorded a tax expense of \$217 million related to a measurement period adjustment to the provisional amounts recorded in December 2017 from the enactment of the Tax Cuts and Jobs Act (TCJA). 3M's provisional accounting continues to be subject to adjustment during the measurement period of up to one year following the December 2017 enactment of TCJA.

In addition to reporting financial results in accordance with U.S. GAAP, the Company also provides non-GAAP measures that adjust for the impacts of the NRD resolution and measurement period adjustment to the impact of enactment of the TCJA. These items represent significant charges that impacted the Company's financial results. Operating income, income before taxes, net income, earnings per share, and the effective tax rate are all measures for which 3M provides the reported GAAP measure and an adjusted measure. The adjusted measures are not in accordance with, nor are they a substitute for, GAAP measures. The Company considers these non-GAAP measures in evaluating and managing the Company's operations. The Company believes that discussion of results adjusted for this item is meaningful to investors as it provides a useful analysis of ongoing underlying operating trends. The determination of this item may not be comparable to similarly titled measures used by other companies.

(d) Total sales change is calculated based on reported sales results. The components of sales change include organic local-currency sales, acquisitions, divestitures, and translation. Organic local-currency sales includes both organic volume impacts (which excludes acquisition and divestiture impacts), plus selling price changes. Acquisition and divestiture impacts are measured separately for the first 12 months post-transaction.

3M Company and Subsidiaries BUSINESS SEGMENTS (Dollars in millions) (Unaudited)

As part of 3M's continuing effort to improve the alignment of its businesses around markets and customers, the Company made the following changes, effective in the first quarter of 2018, and other revisions impacting business segment reporting:

Consolidation of customer account activity within international countries — expanding dual credit reporting

The Company consolidated its customer account activity in each country into centralized sales districts for certain countries that make up approximately 70 percent of 3M's 2017 international net sales. Expansion of these initiatives, which previously had been deployed only in the U.S., reduces the complexity for customers when interacting with multiple 3M businesses. 3M business segment reporting measures include dual credit to business segments for certain sales and related operating income. This dual credit is based on which business segment provides customer account activity with respect to a particular product sold in a specific country. The expansion of alignment of customer accounts within additional countries increased the attribution of dual credit across 3M's business segment and the Industrial business segment are now reported similarly to dual credit. As a result, previously reported aggregate business segment net sales and operating income for total year 2017 increased \$1.568 billion and \$402 million, respectively, offset by similar increases in the elimination of dual credit net sales and operating income amounts.

Centralization of manufacturing and supply technology platforms

 Certain shared film manufacturing and supply technology platform resources formerly reflected within the Electronics and Energy business segment were combined with other shared and centrally managed material resource centers of expertise within Corporate and Unallocated. This change resulted in a decrease in previously reported net sales and an increase in operating income for total year 2017 of \$1 million and \$42 million, respectively, in the Electronics and Energy segment, offset by a corresponding increase in net sales and decrease in operating income within Corporate and Unallocated.

In addition, 3M adopted ASU N0. 2017-07, *Improving the Presentation of Net Periodic Pension Cost and Net Periodic Postretirement Benefit Cost*, effective January 1, 2018, on a retrospective basis. As a result, operating income for 3M's business segments has been revised to reflect non-service cost related pension and postretirement net periodic benefit costs within other expense (income) net.

The financial information presented herein reflects the impact of the preceding changes for all periods presented. Refer to 3M's Current Report on Form 8-K furnished on March 15, 2018, for additional supplemental unaudited historical business segment net sales and operating income information.
